

Become a **Huck Undergraduate Visiting Research Scholar (HURVS)** and attend the **Life Sciences Symposium** on May 12th 2022 at Penn State!

Presenting at this one-day symposium is a great opportunity to showcase your research, jump start your graduate career. You can also immerse yourself in the vast array of life sciences research occurring at Penn State and how you can be a part of the movement to advance the scientific field here at Penn State. To learn more about graduate degree programs supported by the Huck Institutes of the Life Sciences, visit:

[www.huck.psu.edu/graduate-programs](http://www.huck.psu.edu/graduate-programs)

The Huck Institutes of the Life Sciences at Penn State will reimburse accepted HURV Scholars for travel and provide accommodations for participation in the annual Penn State Life Sciences Symposium. At the symposium, HURV Scholars will be provided opportunities to explore life sciences research labs, centers of excellence, and core instrumentation facilities; meet with our world-class faculty; learn about life sciences graduate programs; and network with the dynamic life sciences research community. Read more about last year's Life Sciences Symposium at: <https://www.huck.psu.edu/resources/students/life-sciences-symposium/life-sciences-symposium-2020>

We are seeking applications from **current junior and senior undergraduates** who will be **applying to graduate schools in the Fall of 2022**.

**To apply:** Submit a 500-750 word description of your research experience, interests, and career goals as well as an unofficial transcript. It is recommended you also submit a 500 word poster abstract on your research (not required).

All applications should be submitted via email to Dana Coval-Dinant at [dmc6@psu.edu](mailto:dmc6@psu.edu).

**The deadline for HURVS applications is March 18<sup>th</sup> 2022.**
