

GENOMICS CORE FACILITY OPEN HOUSE

Discover the future of genomics research at Penn State.

- **Lab Tours:** See our high-tech sequencing equipment in person.
- **Expert Guidance:** Chat with our facility staff to get answers to all your genomics and sequencing questions.
- **SharePoint Launch:** Learn how our new website makes working with the core easier.
- **Upcoming Programs:** Hear about our new services and future events.

Open to the entire PSU research community (Faculty, Staff, & Students).

Thursday, September 10th, 2026
2:00 PM – 4:00 PM
4th Floor, Chandlee Lab
